A TIME

(OSAT)

MISSION:

"To provide a clean and sober environment for members and friends of 12-step recovery groups, to participate in outdoor and social events in the spirit of conservation, preservation, and ecology."

New BOTS Nomination Needed

Submitted by Dick W.

Due to Tracy M's recent resignation from the BOTS, we are soliciting nominations to fill that vacant position for the remainder of her term which will end on 12/31/00. Nominations will be accepted until the next club meeting on 3/9 (the club meeting will be on Thursday instead of Wednesday and will be at the Mercer Island Library instead of the church).

Nominations should be directed to me (Dick Wright). My home phone is (425) 339-3751. My home e-mail is dgrandpaw@aol.com. The nominees will be announced and voting will begin at the March meeting and continue until the April meeting on 4/12, at which time we will announce the results. If you are interested in this position, please either get someone to nominate you or simply nominate yourself.

Sandy S., Cliff L., and Mike R. have been nominated so far, but nominations will be accepted until the March 9 club meeting, at which point the voting may begin, and will continue until the April club meeting.

Anticipation

Contributed by Rik A (and Carly S)

"Anticipation. Anticipa-a-tion
Is making me late
Is keeping me wai-ai-ai-aiting."

After years of climbing, my heart still beats a bit faster, not with the first step off the parking lot and onto the trail, but rather as I pull out of the driveway and head for the freeway. Do I have all the gear? Remember running over my pack that time, after leaving it sitting behind the car? Or the trip when I forgot the tent poles? Did I pick up my jacket from where it was hanging? I wonder if the batteries are fresh? Can this weather REALLY hold on two more days?

"We can never know about the days to come
But we think about them anyway.
And I wonder if I'm really with you now

**NOTICE: THE MARCH
OSAT CLUB MEETING IS
TO BE HELD AT THE
MERCER ISLAND LI-
BRARY, ON THURSDAY
3/09 7:30pm**

To get there, take the Island Crest Way exit, and go to 44th and 88th on Mercer Island, which is 2 blocks north and 1 block east of the church.

This is a one-time occurrence because the church is unavailable on Ash Wednesday.

Or just chasing after some finer day. "

Finer day? How could there be a finer day than a Saturday in January, Rainier peeking (peaking?) above the wispy streams of fog along the Green River Valley in the dawn of a weekend? Rainier beckons, but today we're headed further south. And all after a week of...

"Anticipation. Anticipa-a-tion
Is making me late
Is keeping me wai-ai-ai-aiting."

Tuesday forecast: sunny thru Saturday.
Wednesday forecast: rain developing Sunday.

Thursday forecast: rain Sunday afternoon
Friday forecast: continued clear, 10% chance of rain Sunday afternoon or evening.
Could it be? A winter ascent? How I want to

The layover day will be to explore the area, meditate or read a good backpacking book. Limit 10. Cost : \$12.00. Central Commissary Dinners. Five Years Ago in OSAT

by Rik A

The year 1995 began with a snowshoe trip to Lake Annette in which 10 OSAT members and friends plus China the dog joined Shirley R. Several attending were first timers (Ed, Sandy, and Allison), and the group enjoyed crystal clear skies, but a biting wind at the lake.

The fourth annual snowcave trip featured one cave large enough to accommodate the 15 who attended the AA Meeting in a Snowcave. (In most recent years the group has gotten too large to have the meeting in one of the caves.) Even claustrophobic Winton soon saw the advantage of abandoning his tent, out in the wind, for the snug and silent protection of the cave. As usual, Tom M won the IISA (Institute of Igloo and Snowcave Architects) award for the most functional and asthetic survival structure.

The First OSAT Kilimanjaro trip left for its big adventure, sixteen strong under Jimmy's able leadership!! (Do any of you still have one of the rare "Kilimanjaro" misprint t-shirts?) The 1995 climbing course got under way under Charlie A's able leadership. Seminars that year were held at the Camp Long meeting hall.

OSAT Club Meeting: This month is different, see notice on page 1...
Meeting will be on the second THURSDAY, at the Mercer Island Library.

OSAT 12-Step Meeting Locations:

Tiger Mountain Time: Thursdays @ 7:00 pm & Sundays @ 10:00 am

Location: The Tiger Mountain Trailhead is on the south (right) side of the High Point Way Exit (1st exit east of Issaquah) off I-90. Make a reverse U-turn onto the road parallel with the Interstate. Park as close as possible to the west end of the road to use the cable line trail, or in the upper parking lot to use the regular trail (recommended for first-timers). **Note: Call Karen for info on the Thursday night meeting — it switched to the Issaquah IHOP when Daylight Savings Time goes into effect in late October.**

Thursday Contact: Karen C. Sunday Contact: Nancy M.

Notes: Newcomers should not try to find this meeting alone. We meet in the trees just below the summit of West Tiger 3. The hike gains 2,000 feet in less than 3 miles. Bring warm clothes and a flashlight for the evening meeting.

Carkeek Park Time: Mondays @ 7 pm

Location: Take I-5 to Northgate, take the Northgate Way exit, and head west. Keep going past Hwy 99. When you cross Greenwood, Northgate Way changes to Holman Rd. A block or two later, look for QFC, and travel through the parking lot. You'll find 100th and 6th. Park near there at the Carkeek Park trailhead parking lot. The group meets there at 7 pm and then walks down together into the park. Notes: This park has a beautiful view of the Sound. Be sure to dress very warmly, and bring candle lanterns and headlamps, as it is dark and usually cold. Contact: Bill L.

“The relationship of height to spirituality is not merely metaphorical, it is physical reality. The most spiritual people of this planet live in the highest places. So do the most spiritual flowers...I call the high and light aspects of my being spirit and the dark and heavy aspect soul. Soul is at home in the deep shadowed valleys. Spirit is a land of high, white peaks and glittering jewel-like lakes and flowers...People need to climb the mountain not simply because it is there, but because the soulful divinity needs to be mated with spirit.”

OSAT Traditions

- 1) Every OSAT activity has a designated leader. The leader makes the decision as to who is qualified for the activity. This decision must be based on principles and not personalities.
- 2) Alcohol and illegal drugs are not allowed on any OSAT activity.
- 3) Party members are not to separate from the group without prior permission of the activity leader.
- 4) An OSAT leader should have completed a MOFA course or ensure that at least one participant in the activity has done so.
- 5) When in a wilderness area, each party member will carry the 10 essentials.
- 6) Outdoor activities start with the Serenity Prayer while holding hands in a circle.
- 7) Each OSAT glacier climb will have at least two rope teams that include a person with crevasse rescue training.
- 8) Anyone can volunteer to lead an activity, even a technical climb. As leader, you should be certain that everyone on that activity has signed a Release and Indemnity Agreement. As a participant, you may want to "qualify" your leader.
- 9) Party size for OSAT activities will adhere to the rules of the appropriate jurisdiction.

(Continued from page 1)

be on the mountain, feeling her pull me into her own special world! Will the mountain embrace my approach? Clean snow, companions eager to meet the adventure, views in the wilderness, stars at night, and a mountain I haven't been on for five years.

"And I tell you how easy it feels to be with you.
And how right your arms feel around me.
But I rehearsed those words just late last night
When I was thinking about how right tonight might be."

How can this climb be so exciting when I'm still three hours drive from the trailhead? Am I going to be able sleep in the tent (crawling into the bag at 6:30!), or will I lay awake thinking about the slopes above, the wind, the last time? Hell, I was packed on Wednesday nite! Michael Fagin suggested playing hookey to catch the good weather, but now it looks like it COULD hold. I glance at the speedometer, and its excursion from the generally acceptable range alerts me that my mind is not on driving.

"Anticipation. Anticipa-a-tion
Is making me late
Is keeping me wai-ai-ai-ai-aiting."

But I kept Pete waiting at McDonalds, and having not seen his car as I pulled into the P&R, parked and waited. Finally he spots me, waiting for him, waiting for me. We load up, and head back onto the freeway. As we reach the on-ramp the incredible sight fills the windshield -- a 30% slice of the sun peeking (peaking?) around Curtis Ridge, the ground fog still obscuring the civilization of south Tacoma, and a blue ocean above. A similar slice of the moon will hang above us this evening. Is this going to be a great winter climb, or what?

"And tomorrow we might not be together.
I'm no prophet; I don't know nature's ways.
So I'll try and see into your eyes right now.
And stay right here, 'cause these are the good old days."

South on eye-five we talk of what's ahead, and wish we were there already. Just past Chehalis an inspiration: "Scotty, beam me down to Jack's to get the permits, then shuttle us up to the snow park." As we pass Castle Rock we hear the ring-a-ting-ting and smell the 1-to-5 fuel burning from the snowmobiles, just as real as if we were in the Marble Mountain lot jockeying for space. "Scotty? On second thought, beam us from Jack's up the trail a bit." The call comes back "But what of Captain Kirk?" Oh yes, the rendezvous! Breakfast. Details, details.

"Anticipation. Anticipa-a-tion
Is making me late
Is keeping me wai-ai-ai-ai-aiting."

Fog along the Toutle slows the traffic as surely as a row of climbers reaching a steep pitch. The the tail-lights and centerlines blur like shapeless steps in snow seen through fogged glasses, shadows without edges. Mileage posts count down toward Portland, reminding me of counting steps between wands. We could run into some weather Sunday afternoon. But not now. Now, high above Cougar, Loowit stands in her virginal gown, calling us to her bosom. The fire-goddess is serene; her suitors Pahto and Wy-east are appeased, and tomorrow will present to us a glorious dawn vision as we work up the lower ridges of her ramparts. Pulling into the snowpark, the ranger is helpful. Our weekend adventure has just begun, but we've already lived it once.

IMPORTANT NOTICE TO ALL OSAT MEMBERS

All current and/or new members of OSAT who wish to participate in **ANY** OSAT activities will be **REQUIRED** to sign and submit a release and indemnity agreement (below).

RELEASE AND INDEMNITY AGREEMENT

I, (print name) _____, hereby state that I wish to participate in courses and/or activities offered by **ONE STEP AT A TIME (HEREIN REFERRED TO AS OSAT)**, a non-profit organization. I recognize that any outdoor activity may involve certain dangers, including but not limited to the hazards of traveling in mountainous terrain, accidents or illness in remote places, forces of nature, and the actions of participants and other persons. I fully recognize that mountain climbing and other activities offered by **OSAT** are **VERY DANGEROUS**, and participation involves risks and dangers that may result in **SERIOUS INJURY, PARALYSIS, DISABILITY, or DEATH**. I further understand and agree that without some program providing protection to its leaders, **OSAT** would not be able to offer its courses and activities.

Moreover, I also hereby state that I fully understand that **OSAT** leaders, instructors, and members are **NOT** experts, have never considered themselves experts and do not expect to ever become experts in the future. Therefore, I understand that any course of instruction that I may receive from **OSAT** is **NOT** "expert" instruction. I have this understanding even though I may have heard or read otherwise.

In consideration of and as part payment for the right to participate in the activities offered by **OSAT**, I hereby release **OSAT** and its members from any and all liability, claims, and causes of action arising out of or in any way connected with my participation in any activities offered by **OSAT**. I do this even if losses and damages arising from these activities are caused or alleged to be caused in whole or in part by the negligence of **OSAT** leaders or members. I personally assume all risks in connection with these activities, and further agree to indemnify **OSAT**, and its members from all liability, claims and causes of action which may arise from my participation in **OSAT** activities. The terms of this agreement shall serve as a release and indemnity agreement for my heirs, personal representatives, and for all members of my family, including minors. (Parents or Legal Guardian must sign for all persons under (18) years of age.)

I HAVE FULLY INFORMED MYSELF OF THE CONTENTS OF THIS RELEASE AND INDEMNITY AGREEMENT BY READING IT BEFORE I HAVE SIGNED IT.
